Meeting Highlights:

- Dave Meyers gave an informational update on the following items: 1) the next CJIS Advisory Committee meeting is scheduled from 11:00 a.m. – 12:00 noon on Thursday, May 15th. 2) At this point in the legislative appropriations process the CJIS project is fully funded. 3) The CJIS Program Office is working on service level agreements with ITE for help desk support and with Public Safety for Oracle application support.
- Dave Usery, CEO, URL Integration, gave a report on the status of the Criminal Justice Information System (CJIS) integration project. Dave discussed the status of each of the exchanges including identifying those that are in production, those that are in process and those that are under development. Dave also discussed the proposed rollout dates for those agencies utilizing the ECCO exchange. Dave also mentioned that the statuses, plans, and rollout schedules for the exchanges are posted on the State's CJIS web site.
- John Gillispie, CIO for the State of Iowa, presented a shared infrastructure proposal that involved ITE's use of the CJIS DataPower appliances for their service oriented architecture project. John submitted a detailed proposal for the Committee to review. Following a lengthy question and answer period the Committee voted unanimously to establish a sub-committee to continue the discussion and explore the issue further. Dave Meyers will contact the appropriate state agencies and finalize the membership of the sub-committee. The

sub-committee will explore the issue and make a recommendation back to the full Advisory Committee for their consideration.
